+966 53 342 6568 +20 122 221 4117 wahba.mohamed.92@gmail.com mohamedwahba.com Portfolio ↗

PROFILE

Architectural engineer with over 12 years across Saudi Arabia and Egypt, specialised in technical office operations, shop drawings and interior fit-out. Coordinates 500+ drawings per project and has contributed to developments exceeding SAR 600 million.

EXPERIENCE

Senior Architectural Engineer — Team Leader

2026 — PRESENT

Al Rajhi Building & Construction (Mehwar Al-Ektesad) · Saudi Arabia

- Lead architectural shop-drawing submittals for a 16-school development in the Eastern Province (90 buildings, 1,000+ drawings).
- Coordinate approvals across architecture, structure, precast and MEP with the consultant, the precast factory and the licensing office.
- Resolve consultant comments and manage resubmittals, RFIs and design clarifications to keep site work unblocked.
- Built a multi-discipline web tracker (7,400+ submittals) with dependency logic and live KPIs, used by the project team.
- Prepare minutes of meeting and formal correspondence with the consultant and licensing authority.

Senior Architectural Technical Office Engineer

2025 — 2026

Kharafi & Sons · Saudi Arabia

- Prepare and coordinate shop drawings for large-scale villa compounds of 100+ units.
- Ensure alignment between architectural, structural and MEP drawings.
- Prepare and manage RFIs, submittals and technical documentation.

Site Engineer / Team Leader

2024 — 2025

Al Dar Al Maknoon · Saudi Arabia

- Led a team of four engineers across concurrent packages.
- Supervised execution on projects exceeding SAR 600 million.
- Closed the gap between site and technical office through daily coordination.

Technical Office Team Leader

2023 — 2024

Okoplan · Egypt

- Reviewed 500–600 shop drawings per project.
- Held a sustained output of three to four issued drawings per day.
